TELSTAR GAINS CLASS "B" STATE SKI CHAMPIONSHIP IN END OF WEEK MEET

Telstar Regional High School skiers won the State Class B Ski Championships held at Mt. Abram and Bethel in a two-day meet last week. Telstar accumulated 383.33 points to outdistance Oxford Hills High School at 373.34 points, a spread of 10.04 points. Other teams totals are as follows: Lewiston, 352.28; Caribou, 317.76; Lee Academy, 316.04; Fort Fairfield, 312.92; Nekomis (Newport), 283.88; and Valley High (Bingham), 222.21.

Telstar won the open giant slalom at Mt. Abram Friday morning during one of the winter's heaviest snowfalls. Kevin Trinward, skiing one of his usual good runs, raced to a second place finish behind Lewiston's Ray Bell, while John Collins of Caribou and Reg Fadden of Oxford Hills finished in a tie for third place. Other Telstar finishers, in a field of 49 competitors, were: Jim Haskell, 7th; Dana Melville, 8th; Rex Cummings, 12th; and Ricky Seames, 15th.

Oxford Hills' final opportunity to win the crown actually came during Friday afternoon's slalom. Telstar had completely destroyed Oxford Hills' Nordic team in two previous encounters. Oxford Hills took the temporary lead at the completion of the slalom by a slight 3.38 margin. Ray Bell of Lewiston was a repeat winner in the afternoon slalom, Reg Fadden of the Hills was second and Jim Haskell finished third. Other Telstar skiers, in order of finish, were: Kevin Trinward, 6th; Ricky Seames, 10th; Dana Melville, 11th; Rex Cummings, 14th; and Tom Remington, 17th.

Competition continued Saturday morning in Bethel with cross country. By the time the race had finally started, snow conditions and track were rapidly changing which made it extremely difficult for competitors to wax. In the estimation of the competitors, the race turned out to be more of a test of strength and endurance with technique playing a small role. The five kilometer race was eventually won by Drive Leblond of Oxford Hills, in a time of 23:36. Dana Melville finished sixteen seconds behind Leblond for a second place for Telstar. Tom Remington of Telstar was third. Other Telstar finishers were: Kevin Trinward, 5th; Bill Savage, 10th; Jim Haskell, 15th; and Rex Cummings, 22nd.

Saturday afternoon's activities moved to Swan's Corner for the final jumping event. Tom Remington finished first with the longest jump of the day, 93 feet. Rex Cummings of Telstar finished second, and Marshall Jaman of Oxford Hills was third. Other Telstar finishers were: Kevin Trinward, 4th; Dana Melville, 5th; Bill Savage, 6th; and Mike Davis, 19th. Although the jump was very slow prohibiting any extremely long jump, it was fast enough for Telstar to dominate the entire field of competitors.

The Skimelster award for the meet's outstanding skier in four events went to Kevin Trinward of Telstar who was better than two points ahead of his nearest competitor, Reg Fadden of Oxford Hills. Dana Melville of Telstar finished third. Tom Remington of Telstar finished fourth, and Rex Cummings of Telstar finished fifth for the skimelster honors.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Several from town attended a meeting held in South Paris Wednesday night to hear explanations of the Disaster Assistance Program as authorized by the Federal Government.

There is aid available to those who qualify, from almost any loss received as a result of the storms occurring from Dec. 26 to Feb. 27. The loss may be of a material nature or from loss of work.

We have some information in the Town Office for those interested in filing claims. For the most part, we would refer prospective claimants to the proper agency for full information.

Even though we filed a request, it doesn't appear the town will be eligible for reimbursement for damage we received as the damage suffered on each project must exceed \$1,000. We cannot request aid for time spent by our own men unless they work overtime.

It would appear farmers along the river suffered the most loss as a result of debris and fences being destroyed. They should contact their ASCS office for assistance.

HIGHWAY COMMISSION HOLDS ROUTE 2 HEARING

A hearing was conducted last Thursday evening, March 12, at the Bethel fire station by David Stevens, chairman of the State Highway Commission, concerning proposed reconstruction of Route 2 in the Mayville area. The project would extend from approximately the location of the Norzeman Inn to a point about 400 feet northerly of the Sunday River road. The project would be primarily on the present location until it reached the Thurston Farm.

Some dissatisfaction has been reportedly expressed by some residents of the area concerning width of right-of-way, drainage and grade changes in the area where the present location would be used. Also some doubt the need of a new location beyond the Thurston Farm.

ong with final victory in the State Championships brought to a close an almost perfect season with only one loss to State Class A Champions Littleton Falls early in the season and then only by a slight margin.

The new Class B Champions are a group of athletes who since last November have directed and dedicated themselves toward the prized championship. They are fine representatives of the growing Telstar Regional High School.

Christian Science

The subject of the Lesson Sermon this Sunday to be read in Christian Science churches, is "Matter."

A verse from Isaiah reads, "For as the earth brings forth her seed, and as the garden causeth the things that are sown in it in spring, so shall the Lord God will cause righteousness and praise to spring forth before all the nations."

Paraphrase from "Science and Health with Key to the Scriptures" by Mary Baker Eddy included in the lesson are, "All mature teachers of God's law to men, but man cannot love God adequately and yet his whole affection on spiritual things, while loving the material or trusting in it more than in the spiritual."

Everyone is welcome at services

SING-OUT BOSTON PERFORMING AT TELSTAR SATURDAY NIGHT
Sing-Out Boston, one of the 100 local casts of "Up with People" in the United States, will perform a show at Telstar Regional High School Auditorium on Saturday, March 21, at 8 p. m.

The National Cast of "Up With People" was formed in 1965 when concerned college students became fed up with the image being created by the more radical groups. These four national casts tour the countries of the world starting local casts to carry on their work on the local level. Sing-Out Boston helps to spread the ideas of "Up with People" by giving various shows throughout the cities of New England.

These local Sing-Outs are organized and directed entirely by the young people themselves. They are challenging individuals who try to live up to their standards of brotherhood and understanding among people throughout the world, but by changing themselves first. If these young people of Sing-Out Boston can spread their ideas of unselfishness and understanding to the people of the Bethel area on Saturday then they will surely be able to say "It is the dawning of the morning of time!"

ADULT EDUCATION NOTES:

S. A. D. #44

Adults interested in taking music lessons on a beginner or brush-up basis as part of adult education, please notify Dave Denison or Glenn Bangs (824-2277). This program is being initiated with the idea of eventually forming a district adult band. The lessons will be group or individual according to response, and cost will be on a per lesson basis. Individual lessons will cost \$3.00 per half hour. Group lessons will cost a total of \$6.00 per hour divided between those people involved in the group. The latter type of lesson will be used whenever possible to keep the cost per individual down to a minimum. This does not include lessons on piano or guitar, only band instrument. Those who cannot obtain the instrument they wish to study can rent one from a music store through Mr. Bangs at an estimated cost of \$20 for 12 weeks.

A reminder to those interested in taking woodworking I or II on Thursday evening (7:00-10:00), contact Mr. Denison at the high school in Fort Polk, La., after being home on a 14-day leave.

Our crosses are hewn from different trees. But we all must have our Calvaries.

The cross is God's plus sign to a needy world.

The Cross is the only ladder high enough to touch heaven's threshold.

Saturday we went to Berlin to attend the funeral of Rene Pelchat. On the way we saw a group of six deer on the snowbank.

Last Tuesday night a Republican Caucus was held at the home of Fred Judkins. On my way home I saw a large fat raccoon. Signs of spring! Shook me up so much I almost didn't make it up the hill.

day, the Korhons, Cloutier's and Charrons, visited the Funny Farm. (Berniers residence)

Laurie and Joe Bernier came home Friday from their schools — Mt. Abram and Telstar.

Monday morning the sun was bright and the ice and snow on the trees glistened. Reminds me of Longfellow's comparison to ermine.

The water pipe froze down to the home place. Eames came over with a back hoe but had difficulty finding the pipe as neither Roland nor Fred knew the exact location. At noon Roland went to Errol with Mr. Eames and asked Malcolm Barnett who was able to tell them exactly where to dig. — However the pipe is still frozen between house and the break although several methods have been tried, short of digging up the whole section of pipe.

Horace Goodrum is home from the hospital. He says he feels much better than the last time he came home.

Twenty voters and nine children attended town meeting, Tuesday, January 17th at 10 a. m. Fred Judkins was chosen moderator. Elsie Fuller, town clerk. Selectmen are Fred, Richard Williamson and Earl Buck; Treasurer, Lucille Largesse; Tax Collector, Mary Lecomte.

School committee member for three years, Sally Buck; for one year to replace Glenn Abbott, who resigned. Virginia Williamson. The town rejected the offer of the Grange Hall for \$1.00, and voted to set up the grist mill wheels which were in the foundation of the church only if the church gives the wheels to the town and they are set on town property instead of the church lawn.

There was much discussion about the school budget as more pupils are expected within two weeks and very likely others by fall. The board paid for high school pupils was lowered from \$15 to \$10. The meeting adjourned shortly after noon.

TELSTAR R. H. S. NEWS

ACTIVITIES

Two more groups of Telstar students are carefully laying plans for European visits to be taken at the next vacation in April. The French Club with Mme. Thonine, the advisor, will be off to Paris, while the English Club and sponsor, Mrs. Davis, will visit London and surrounding areas.

The French Club has been very active in various fund raising projects such as raffles, food sales, etc., in order to raise money to allow members to attend an added attraction included in the tour package. Reserved seats to the Opera Ballet have been obtained at reduced prices through the efforts of Mme. Thonine. It is hoped that the Club will have earned enough money so that some special treat can be arranged for the French students who will not be making the European trip.

English Club members are hard at work doing research on London and England, preparatory to writing out an itinerary for the trip. This project is being carried out in the 2-hour weekly classes held in the library on Fridays after school. At the first meeting the English monetary system was studied with Mrs. Molly Glover of the Rumford Travel Bureau as speaker. On subsequent Fridays there will be more guest speakers as well as various films and slides of the areas to be visited.

The Telstar Chess Club, under the sponsorship of Mr. Rupert Grover, has been enjoying an active year. At regular meetings, which are held on Tuesday, Club members stage play-offs among themselves to establish a graduation of players according to demonstrated prowess in the game. Currently Terry Swan heads the list.

President of the Chess Club, Paul Billings, reports that Monday's match with Dixfield High School ended in a tie-77. Two previous matches have been held with Mexico High School, the first a loss-72 and the second a win-45. Other matches are planned, the next one probably being with Rumford High School.

SWAN'S CORNER

— Mrs. Eva Yates, Corres. —

Thursday callers at the Yates were Mrs. Delphina Cox, Mrs. Janice Buck, Terry and Michael and Russell Yates.

Estes Yates and son Russell visited Willie Yates at Greenwood City Thursday p. m. Alho Willie is a man nearing 80 years he has been fine all winter—does his own house work and cooking in his Trailer House and keeps snug and warm.

Bryce Yates and three children spent Saturday evening with his parents while his wife enjoyed the "Snowmobile" party and supper at Mt. Abram.

Jeffrey Yates returned to Fort Monmouth, N. J., Monday after spending a week with relatives on Sunday River.

Sunday, Bryce, Tom and Jeffrey Yates enjoyed skiing at Saddleback. Although it snowed and the wind blew more or less, "a ball was had by all."

Estes Yates took a trip with his son, Bryce, Friday to Bryce's woods job at Crocker Pond, in Bryce's "Big Mack" where they ride "Up above Mary!"

Elmer Hayes from Greenwood spent Saturday evening with his sister and husband, the Estes Yates.

The Yates, including Gary, attended a birthday dinner the 15th at Rodley Adams in honor of Gregory Adams and Gary and Estes Yates.

Town meeting has come and gone, so now the people have got to wonder for a year how much more tax they will have to pay in 1971. I think town meeting should be an all day affair and forget the night. If a holiday comes on Sunday the place of business all close on Monday.

Then why can't they close on Town Meeting Day so that the old timers that have lived and learned can take their part in Town Meeting. Of course there is the possibility they might spoil the plans of the younger ones that want a lot at the expense of the tax payer. If the 18 year olds are allowed to vote will they pay a poll tax?

I hope I've used the proper nouns in the proper places in this news—I'd feel very foolish to have it all picked to pieces, but my education was limited!

Valley Grange was very successful in spite of bad weather. Thanks to Mrs. Burris for opening her home for the sale and Mr. and Mrs. Richard Walker for collecting the food. Also the ones who furnished and the buyers.

The Ladies Chapel Aid Society met at the home of Mrs. Frances Bennett on Wednesday of last week with ten present, nine members and one visitor. The next meeting will be held at the church parlor if the weather is suitable. If not at the home of Mrs. Ruth Gilbert.

Pleasant Valley Grange members will meet at the home of Mr. and Mrs. Richard Walker on Thursday, March 26 at 8 o'clock. A 6:30 supper will precede the meeting. It is expected this will be the last meeting to be held in the homes of members. The April meeting will be in the Grange hall.

GREENWOOD CITY

Mrs. Colista Morgan, Corres.
We are enjoying the earlier dawns though cool and crisp. Still waiting, too, for Miss Spring to prance in. But she creeps. She is so young!

Since my last writing there have been various happenings. Northern lights, eclipse of the sun, some booms, snow and March winds.

These winds made the sunny days far from perfect. But one day I took a hike up the Spring Road which was well protected.

"The mountain Road
Is such a joyous thing--
It sings an ode
Of magic beckoning.

Inviting me
To join its wandering,
And learn to be
Set free on upward wing
I lift my face
To hear its vibrant cry.
And set my pace
To follow to the sky.
And each new time,
I find the reason why
This Road must climb
And climb --
And so must I!"

(Frances A. Johnson)

Although I dislike the wind it is sometimes interesting to hear the varied water-like flow of it through the trees, especially the conifers. These seem to interpret best the voices of the winds. Trees that are slender send out waving ripples while those that are rigid and sturdy shake and vibrate. Here as the wind swept from ridge to ridge each made its peculiar gestures.

Down in the valley and down the pond it was really wild and exuberant.

The dark clouds rose and fell with the wind's intensity and forever drifted over the mountain summits. I could look into the sun light that glowed unexpectedly in the black overcast.

I continued into the deep parts of the evergreens toward the crest of the ridge. Here for a time the trees stilled, waiting. Then they were violent again, far up and far out. Across the pond the ice was getting a sweeping. The wind would strike the surface and it was like looking through a chimney waiting for the smoke to clear away. They were shifting, spreading, cutting, turning and twisting as they moved between the stony coves, backed by a bowl of hills. Those western hills, waiting; their backs to the wind. Sometimes they were black and brooding in their shawls of white. Then, again, they stood in crystal silence against the sapphire sky with their tops snow wrapped, remote, and inaccessible.

In a few moments the surging

hollow roar was gone; lazy again. I thought I heard the trees sigh in relief.

Far above two crows struggled their way up valley.

Through the calming hemlocks I went and toward the reddening western sky to take the old snowshoe trail home. Here I met Mr. Wind again whipping along directly toward the purple foothills and piney woods. Would he find them a devout audience. I did not stay to watch.

THE FAMILY PHYSICIAN IS STILL YOUR BEST FRIEND

Although we rarely hear about the physician that follows the old ways of daily house rounds, there are still some of them left. In some remote areas it is the only way for a doctor to bring health care to a community.

Today's modern physician serves in a very specialized but much more efficient manner. He knows that if it is possible for someone who is sick to get to the office, he is better equipped to help them. With the facilities available he is able to more quickly diagnose and treat his patients. Should the services of a specialist be required, he will suggest one.
